

The logo for i-xtl Technologies is centered on a white background. It features a large orange square containing the text 'i-xtl' in white, bold, sans-serif font. Below this, the word 'Technologies' is written in a smaller, white, sans-serif font. The background of the entire page is white with several large, light gray, semi-transparent gear-like shapes. A faint, light gray watermark of the word 'Technologies' is visible in the bottom right corner of the page.

# CS - Freshlook Kiosk Application

**Company Name:** Ciba Vision

**Purpose:** Try colour contact lens virtually on user eyes using the application.

**Application Type:** Can be used for Touch Screen Kiosks/Desktops/Laptops/Net-books

**Compatibility:** OS - Win XP, Vista, Win7, Win on Mac; 32bit and 64bit compatible; 1024x768 screen resolution.

**Technology and Tools for Development:** Microsoft .NET Technology, Microsoft Access, Adobe Flash and Adobe Photoshop

## Application Description:

In this application user can capture his/her face close-up photo and go on to trace their cornea and eye lids using our simple to trace features. Once accurately traced they can try all the colour contact lens on their eyes and see how it looks on their own face. After trying all lenses available they can add 2 lenses for compare view. In compare screen user can compare both the lens on their face side by side. This helps them to make a better choice and gives them a fair idea as to which color lens suits more or is liked by the user.

## Advantages

- 1. Simple to use application
- 2. Compatible with touch screen
- 3. Simple cornea tracing techniques for user to do it independently with controls in the application
- 4. Demo for each screen with voice over instructions
- 5. Compare screen to compare 2 colours
- 6. Print, Bluetooth, Mailing Options
- 7. Covers major windows OS
- 8. 32bit and 64bit machines compatible
- 9. Each user can complete the entire application try on in less than 3 minutes.
- 10. User details collected
- 11. Auto redirects to application screensaver if computer ideal for more than 3 minute
